<p>1. I’d like it to be noted that I believe there is a conflict of interests adding project #21 to the Clean Shared Mobility Network. The conflict comes in that the lead of our group decided unilaterally to add a project led by their ex-CEO. At this time I’m unable to tell whether the funds that were deducted from my budget (without my knowledge and not what I agreed to) went to the new project, the lead (FMBCC), or for that matter where they went. Not enough transparency.</p>	<p>Matthew Gillian, executive director of Inspiration Transportation</p>	<p>1. Project #21 submitted for \$467,000 at concept application, the amount has not been changed and was simply merged with Project #19 for a total budget increase from \$7,407,505 to \$7,874,505.</p>

Comment : I'D LIKE IT TO BE NOTED THAT I BELIEVE
THERE IS A CONFLICT OF INTERESTS ADDING PROJECT #21 TO
THE CLEAN SHARED MOBILITY NETWORK. THE CONFLICT COMES IN THAT
THE LEAD OF OUR GROUP DECIDED UNILATERALLY TO ADD A PROJECT
LED BY THEIR EX-CEO. AT THIS TIME I'M UNABLE TO TELL
WHETHER THE FUNDS THAT WERE DEDUCTED FROM MY BUDGET
(WITHOUT MY KNOWLEDGE, AND NOT WHAT I AGREED TO) WENT TO
THE NEW PROJECT, THE LEAD (FMBCC), OR FOR THAT MATTER WHERE
THEY WENT.

NOT ENOUGH TRANSPARENCY.

Comment & Questions: :

At the beginning of this meeting, it was stated by Council Member Oliver Barnes and the pastors that the city is committed to engaging the community and addressing the concerns of the community. I have two important questions related to these points.

① What specific efforts are the 13 appointed ^{steering committee} members making to engage the community? and honor what was stated?

* ② There are still many many many West Fresno residents who are unaware of these TCC projects. Is there a true genuine interest to inform these community members? If so, how will the City do this?

What are ways we could better inform you throughout the process?

Fresno City College would like to
participate in the Workforce Development
Plan work.

We'd like to see more transparency in various parts of the process.

I would like to see a copy of the application to the state.

Also, I'd like copies of

1) displacement avoidance plan

2) community engagement plan

3) the MOU

What are ways we could better inform you throughout the process?

The more communication the better

Will the removal and not replacement of the Stanislaus bridge affect any of the accepted projects?	Leroy Candler	As currently proposed, the Stanislaus bridge will be removed and an at-grade two-way street will be built in its place. The construction work could cause some detours in the proximate area but we anticipate the disruptions to the TCC projects to be minimal.
How many affordable housing units for families are planned? 109 is not adequate when so much displacement of families has already occurred.	Emily Brandt	There is currently one affordable housing project included in the TCC package which includes 57 total units.
