Here to Stay: A Policy Based Blueprint for Displacement Avoidance in Fresno

The Here to Stay report was commissioned by the City of Fresno as part of its displacement prevention efforts. Both the Transform Fresno program and the City's Housing Element call for the study of displacement and identification of actions to reduce or prevent it. The Thrivance Group, a consultant with experience in displacement prevention, authored the report after spending countless hours observing community conditions and listening to community members. We would like your feedback on the report and encourage you to provide comments or complete the survey below or both. We need your input by **September 10, 2021** in order to finalize the report.
