BUILDING A BETTER FRESNO

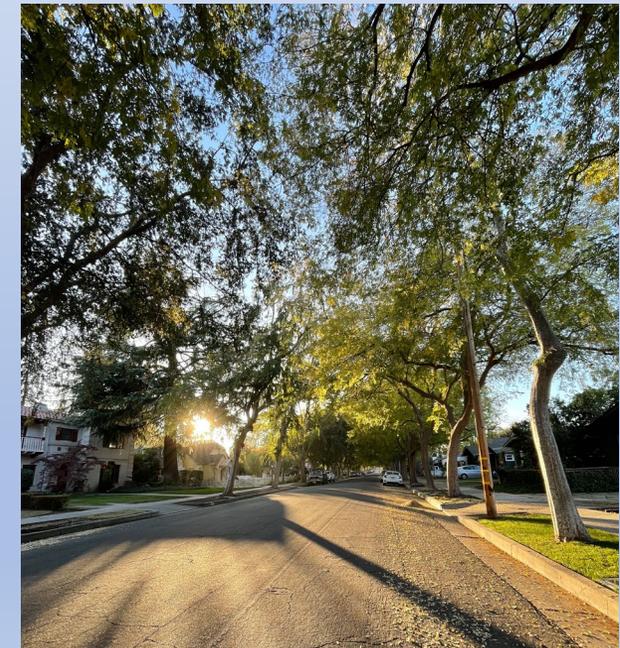

Public Works Department

Southwest Urban Forest Expansion - Project 11

The City's goal of Project 11 is to increase the green tree canopy and beautify the area within the project boundary in Southwest Fresno.

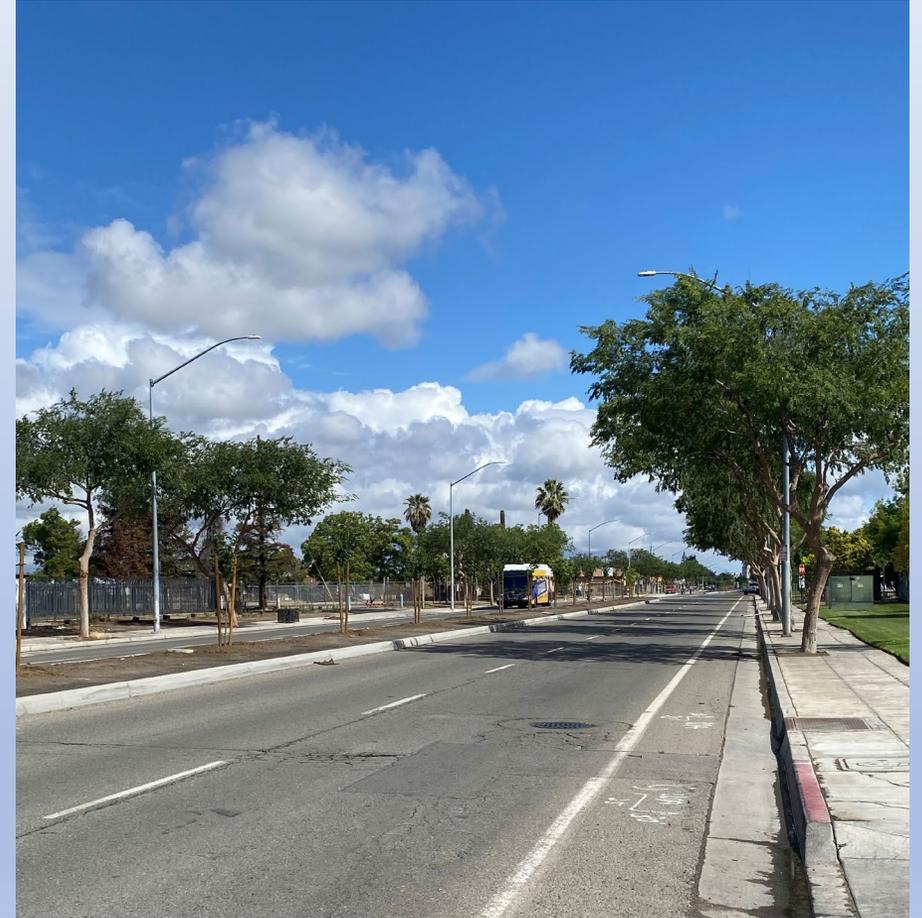

Public Works Department

Southwest Urban Forest Expansion - Project 11

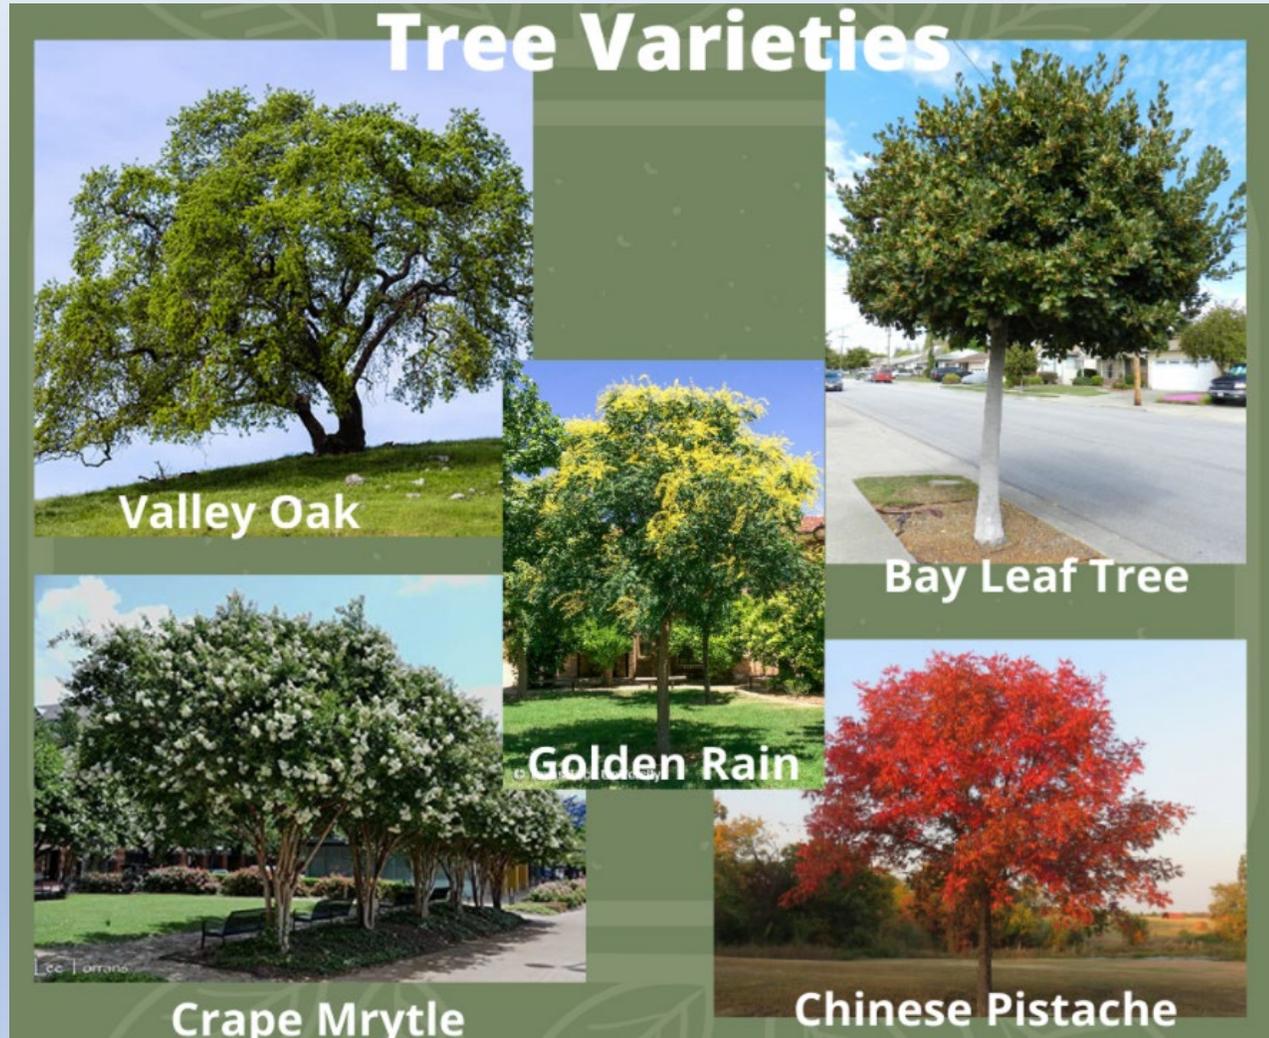

A total of 405 trees with established irrigation were planted.

- Jensen & Fruit – 150 Trees
- Elm South of Jensen to Ventura – 80 Trees
- Jensen 41 to MLK – 35 Trees
- Chandler Park – 15 Trees
- Tupman Park – 15 Trees
- Elm between North & Jensen – 110 Trees

Southwest Urban Forest Expansion - Project 11

A trash clean up was performed at Kearney park as part of the community event in partnership with Every Neighborhood Partnership, California Strategic Growth Council, Beautify Fresno, Fresno Police Department and Tree Fresno.

Public Works Department

Southwest Urban Forest Expansion - Project 11

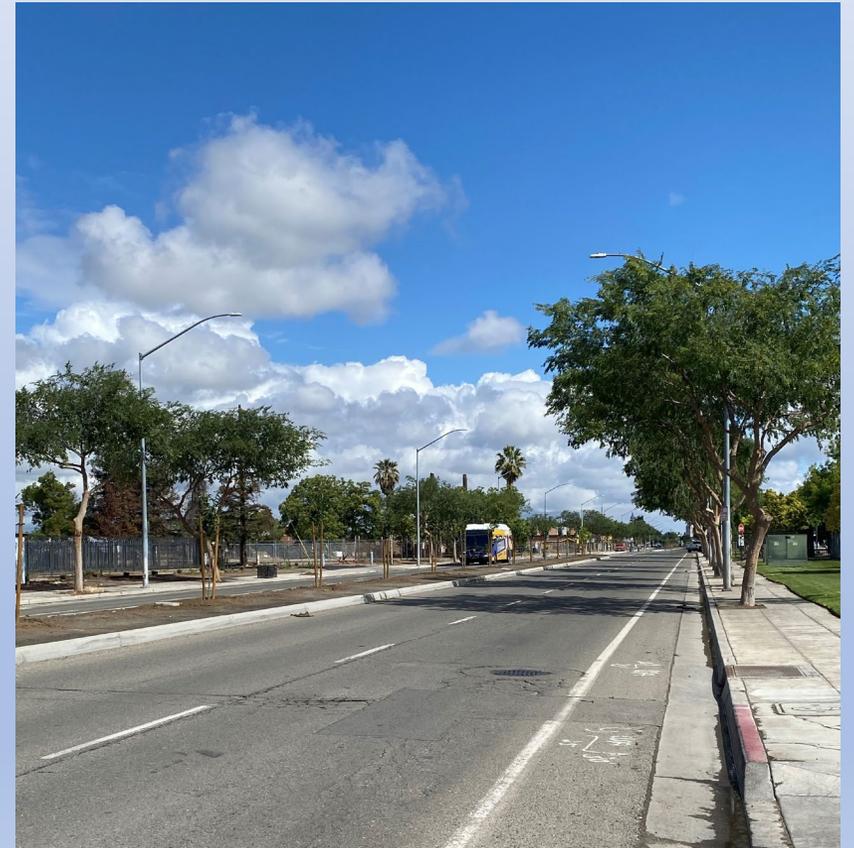

The Chandler Park community event with Every Neighborhood Partnership, California Strategic Growth Council, Beautify Fresno, Fresno Police Department and Tree Fresno planted 15 trees and included trash collection.

Public Works Department

Southwest Urban Forest Expansion - Project 11

Elm between North and Ventura had 190 trees planted.

Public Works Department

Southwest Urban Forest Expansion - Project 11

The goal of this project is to plant a total of 295 trees in Southwest Fresno. To date we have planted 405 trees along with establishing irrigation. We remain under budget and are in the process of identifying locations for the final segment of tree planting for Project 11.
